Additional Notes: Black banquet table cloths by Alasco were found in the BM office. There were no notes or nothing in the previous days logs mentioned about it. BM asked L3 if			

Upon checking ballroom setup for the student government event (starts at 3 pm), BM noticed that there was no gap between stage and wall, even though the diagram and setup sheet say so. BM checked with L2 just to make sure as it seemed like having a gap with a pipe and drape at the back did not seem safe. L2 said there shouldn't be any gap for safety reasons as the stage doesn't have any railings at the back.

1:30 pm: Mercedes from the information desk found two solicitors asking people to buy cookie at the panera lounge. BM approached them and informed that it is not allowed unless they have special permissions. They kindly acknowledge and left. BM sent email to L6 to recommend bull coin for Mercedes for her observation.

2:10 pm: Mercedes from information desk informed the BM that a guest told her that cart 1 was not working. BM checked to see that it was stuck between 1st and 2nd floors and there did not seem to be no one inside. BM informed Operations 1 about it who called Kone - A guys to help repair it.
