Additional Notes: 10:30 am: L1 asked informed the BM that one of the south entrance door crashbar was not engaging so a ziptie can be put on it. BM carried out the task.			

11:05 am: The fire panel went off. BM hit the acknowledge button. Picture attached to the log

12:40 pm: A person in a green suit came on to the centre of MSC plaza lawn to showcase drinking a gallon of orange juice to garner attention. A huge crowd started gathering and cheering for him. BM called L2 and Admin 1 to inform them about it and there was not event going on outdoors at that time so they did not stop him as he was not breaking the law but stayed there to keep an eye out in case something goes wrong.

When unlocking the ballroom for CSI event 2 pm, BM found an acrylic podium at the front of the ballroom A but there was no mention of it being in setup sheets or the diagram. It was put back in ballroom A storage.

SNL standby informed the BM that the doors leading into bullpen from outside beside chick fil a entrance is not opening even with the crashbars pushed in. Operations 1 came to check it and called maintenance 2 who started working on it.

2:45 pm: Giulia Pedota from setup crew texted the BM that she won't be able to show up for her late mid shift as she has the flu (she also informed L3 about it). BM acknowledged it and informed the next BM about it.
