Additional Notes: 9:30 pm: The client in 2709 (Pakistani Student Association) informed the BM that their trash cans have filled up. BM tried calling custodial on the radio multiple times but they didn't respond. For the time being, BM handed them extra trash bags from the catering staff on second floor, and tried to find custodial in the building. Once they were found, BM informed them about the situation and they helped the client.			
10:40 pm: The client in 3707 overstayed their reservation for 10 minutes (to load out their things).			
11:08 pm: The smoke control panel was beeping. BM hit the lamp test switch to stop it and it did. Picture attached to the email.			
12:25 am: The client in ballroom were wrapping up their event, so BM removed the concave sign used for SLT elevator directions for the event.			

12:35 am: Late mid BM told the current BM to check on loading dock gate to see if its locked or not as it was not locking in his shift. BM checked it and it was locked.
While doing closing rounds, BM found a sticker on the womens bathroom door in 4th floor. It was removed and trashed. Picture attached to email.
During closing, the ADA switch on the north entrance door was not flicking towards off. The door was locked with the carshbars out but the switch was stuck at "on".
