Bull Market			
Additional Duties/Notes			
Maintenace issues:	Yes / No	work order submitted :	
Conference wing CLOCK issues	RM#	yes/ no	
Conference wing Light issues:	RM#	yes/no	
Additional Notes: 4:00 pm: BM made a raincall to the client Pi Delta Psi for their event at MLK stage fountain at 6 pm. The client said they will continue with their event outdoors.			
The client in room 3713 (Uzbek Students Community) did not show up for their event.			
6 pm: All entrances to chick fil a doors got locked (including the one coming from bullpen hallway), so BM had to put zip ties on the crashbars. The doors lock every Saturday at 6 pm even though the building closes at 1 am.			

7 pm: Custodial informed the BM that the sensor activated water fountain at the food court was malfunctioning as it was turning on even if there was nothing in front of its sensor. As a result, the water has been leaking to the floor which made it slippery. BM put a caution tape to the bathroom hallway entrance until the issue got fixed. Meanwhile, BM was able to turn off the water fountain at the mechanical room with the help of maintenance on call and after that took the caution tape off. Custodial cleaned up whatever water was left on the floor. An out of order sign was placed on it and a work request was put in.
